CORE COMPETENCIES

- Object-Oriented Programming (OOP)
- Software Development Life Cycle (SDLC)
- Database Management
- Web Application Development
- Team Collaboration
- Effective Communication
- Analytical & Problem-Solving
- Adaptability
- Time Management

TECHNICAL SKILLS

- Java
- Python
- C
- SQL
- HTML5
- CSS3
- JavaScript
- Responsive Web Design
- Data Structures & Algorithms
- Visual Studio Code

EDUCATION

- Bachelor of Technology, Computer Science Engineering**
Ideal Institute of Technology | 2023 - 2027 (Expected)
CGPA: 9.2 / 10.0
- Intermediate (MPC)**
Pragati Junior College | 2021 - 2023
Percentage: 97.8%
- Secondary School Certificate (SSC)**
Sri Vivekananda English Medium School | 2020 - 2021
GPA: 10 / 10.0

PERSONAL DETAILS

Address: East Godavari, Andhra Pradesh

Languages: Telugu and English

Yerramneedi Varshini

Aspiring Software Developer | Full Stack Developer

Motivated Computer Science Engineering undergraduate seeking a Software Developer / Full Stack Developer internship, leveraging strong foundations in object-oriented programming, web technologies, and database systems to deliver scalable, user-focused solutions within a fast-paced engineering team.

PROFILE SUMMARY

- Maintaining a 9.2/10 CGPA** as a Computer Science Engineering undergraduate, with hands-on proficiency in Java, Python, SQL, and modern web technologies (HTML5, CSS3, JavaScript).
- Independently designed, developed, and deployed two full-stack web applications, applying object-oriented design principles, responsive UI development, and database fundamentals end-to-end.
- Recognized for sustained academic excellence across all levels of education, including **97.8% in Intermediate** and a **perfect 10/10 GPA in SSC**.
- Strong analytical and problem-solving ability, developed through consistent practice in data structures, algorithms, and database management systems.
- Proficient with Git and GitHub for version control, and Visual Studio Code as a primary development environment.
- Seeking a Software Developer / Full Stack Developer internship to deliver scalable, user-focused software solutions within a fast-paced engineering team.

KEY PROJECTS

Study Buddy - Web-Based Study Resource Manager	HTML, CSS, JavaScript
- Engineered a responsive study-resource management web application from the ground up, enabling students to organize, categorize, and retrieve academic materials efficiently across multiple subjects and topics. - Designed an intuitive, accessibility-focused user interface that streamlined navigation and simplified resource discovery for end users. - Implemented structured content-categorization logic to support scalable organization of study materials across subjects and topics. - Applied core HTML5, CSS3, and JavaScript concepts to deliver a fully functional, framework-independent productivity tool.	
Student Portfolio Website	HTML, CSS, JavaScript
- Built and deployed a fully responsive personal portfolio website showcasing projects, technical skills, achievements, and contact information, ensuring consistent layout and readability across varying screen sizes. - Developed interactive navigation and smooth-scroll functionality using JavaScript, improving overall user engagement and site usability. - Applied modern UI/UX principles, including visual hierarchy, readability, and design consistency, to enhance the site's professional presentation. - Integrated professional social and portfolio links while optimizing page load performance and accessibility.	

ACADEMIC ACHIEVEMENTS

- Consistently ranked among top-performing students throughout her academic career, sustaining above 90% performance at every level: **10/10 GPA (SSC)**, **97.8% (Intermediate)**, and **9.2/10 CGPA (B.Tech, ongoing)**.

Certifications	In Progress
Actively pursuing industry-relevant certifications (e.g., Full Stack Web Development, Data Structures & Algorithms) to further strengthen technical credibility; details to be added upon completion.
